Adopted on: July 19, 2011

Updated: _____

Upon thorough review and discussion of potential land projects, the Land Review Committee of the Santa Fe Conservation Trust ("SFCT") has the authority to request that the Executive Director formalize the relationship between SFCT and the landowner by sending to the landowner an engagement letter.

No other engagement letters or materials will be sent by individual Land Review Committee members or other individuals acting on behalf of SFCT without coordinating such outreach directly with the Executive Director.
