

WE ARE HIRING!

Safe Routes to School Coordinator

Supports, develops, and implements programming that increases participation in the use of non-motorized transportation to schools. Additional outcomes include increased student health and wellness, reduction in greenhouse emissions, and improved safety and infrastructure.

Education/Experience:

Minimum: Bachelor's Degree with one year of relevant experience.

Preferred: Master's Degree in Education, Planning, Outdoor Recreation or related field. Three to five years of relevant experience in grant management, education, and community outreach.
Bilingual: English-Spanish.
